Available Date/Times:
Two sessions: March 28, 2018 - 10:30am and 4:00pm Eastern time
Can't attend live? Purchase the recording and view at your convenience!

Who should attend?
This webinar is perfect for all staff including: providers, billing staff, practice administrators, nursing staff, medical assistants, and compliance officers!

Program Description:
Whether you send your specimens to an outside lab, read your own slides, or have an in-house dermatopathology lab, you'll want to attend this webinar! We'll cover everything from the basics of pathology coding, to the common problems and pitfalls that plague most dermatology practices that bill for pathology. Make sure you are coding correctly and submitting claims accurately to get paid and stay compliant. We'll also explain the differences between billing to Medicare and billing to commercial carriers. Attendees will have much clearer understanding on the right way to handle pathology billing in the derm practice! And we'll give you solutions to those pesky pathology denials!

Webinar topics:
- Pathology Codes Explained - including surgical pathology, frozen sections, special stains, immunohistochemistry and path consults
- Pathology Do's & Don'ts
  - Pathology Modifiers (26, TC, 91 and global billing)
  - Holding claims for path - when you need to
  - Units, MUEs, Place of Service, and Ordering vs. Referring NPIs
  - Purchased Services and anti-markup (Medicare vs. Commercial)
- Common Pathology Problems - and how to solve them
  - TC Denials when patients seen at Hospital, ER, or SNF on same day!
  - Pathology/Frozen Sections & Mohs and confirmatory path afterwards
  - DOS Controversy - date specimen obtained or date slide read?
