

Dermatology Webinar #7

2019 Dermatology ICD-10 Changes September 19, 2018 - Recording!

Presenter: Karl M. Ellzey, founder & President of Ellzey Coding Solutions

Recording Date:

Recorded live on September 19, 2018

View at your convenience! Just like you were attending the live event!

Who should attend?

This webinar is perfect for **all staff** including: providers, billing staff, practice administrators, nursing staff, medical assistants, and compliance officers!

Program Description:

We'll go over the new, deleted, and revised ICD-10 codes (**there are 107 changes that may affect Dermatology**). We'll also cover the Official Guideline and policy changes that go into effect October 1, 2018.

After the update, we'll demonstrate how to look at CMS's Local Coverage Determination (**LCD**) policies for guidance on when certain ICD-10 codes are covered (and when they aren't) for many common procedure codes.

For the remainder of the webinar, we'll discuss the common problems and frequently asked questions we received on billing ICD-10 codes and how they can lead to unnecessary claim denials.

If you want to stay current with upcoming ICD-10 coding changes or get frustrated on claim denials because of ICD-10 errors, **you need to attend this webinar!**

Webinar topics:

- 2019 ICD-10 **Guideline and Policy Changes** affecting Dermatology
- 2019 **New/Deleted/Revised** ICD-10 codes for Dermatology
- Review of **common problems** seen with ICD-10 that cause denials
- Understanding CMS **LCD policies** and how they can affect claim reimbursement (and denials!)
- **Unspecified** and **External Cause** codes... when to use them (or not)
- Insect bites, dog bites, moles and nevi, Age/Sex-specific codes
- **D48.5 vs. D49.2**, and more!
