

Dermatology Webinar #2

Dermatology E/M Modifiers and Billing August 9, 2017

Presenter: Karl M. Ellzey, founder & President of Ellzey Coding Solutions

Available Times:

Two sessions: 10:30am and 4:00pm Eastern time

Can't attend live? Purchase the on-demand recording for viewing after the live event!

Who should attend?

This webinar is perfect for **all staff** including: providers, billing staff, practice administrators, nursing staff, medical assistants, and compliance officers!

Program Description:

We routinely see evaluation and management (E/M) on claims billed incorrectly and inappropriately. If you bill E/Ms with procedures by adding **modifier 25 each time**, you're setting yourself up for audit failure! We'll cover the essential E/M modifiers (24, 25, and 57) and discuss when it's appropriate to bill for each and when it isn't. Plus rules when billing E/M with special procedures like injections, patch testing, PDT, light therapy and Mohs.

If you have questions about how many ICD-10 codes to include with an E/M or get frequent requests from patients about billing "Preventive" services, we'll explain the Do's and Don't's. Concerned about mandatory global period (99024) reporting requirements? We'll explain what matters!

If you have concerns about your E/M billing habits or are getting frequent claim denials and requests for records, **you need to attend this webinar!**

Webinar topics:

- Determining IF you can bill an E/M code at all, even if you perform one.
- Modifier 25 – you're doing it wrong and setting yourself up for Audit failure
- Understanding separately identifiable E/Ms with minor procedures
- Modifier 57 – Decision for major surgery
- Postop E/M coding – when you can/can't code for E/Ms
- E/M and special procedures – Injections, light therapy, PDT, Mohs, patch testing
- Preventive Visits and "Screening" exams explained and why you probably can't do them!
- E/M and ICD-10 coding
- 99024 – Mandatory global reporting July 1st – what you need to know
- E/M Benchmarking – Are you an outlier and over or under-coding?

Registration includes:

- 60 minute live webinar (approx.)
- Choice of two available sessions
- 55+ page detailed handout with examples and sources
- Recorded website link to re-watch and share after the live event for up to one year!
- Q&A for up to 7 days after the live event. Summary of all Q&A will be sent to all attendees
- 1 CEU for registered attendee only (additional CEU registrations available at discounted rate)
- **20% discount** if purchased with Webinar #2

Registration Fee:

\$179.00

Includes one registered attendee and CEU certificate!

Registration deadline: August 8th!
